business
as we get a better
understanding of trade

HSBC Trade Academy webinar series

International Trade and Trade Finance can be a complex and often confusing world with many different rules and requirements as well as many different forms and options when it comes to financing. That's why we've developed our HSBC Trade Academy series to teach you and your teams about the various elements and requirements when trading internationally. We'd be delighted to have you and your teams join as many of the sessions below as you'd like and feel relevant as we cover off the various topics that make up the world of trade. We hope to see you there and help you get a better understanding of doing business across borders.

Please feel free to send these details on to anyone in your team/company that might benefit from attending – registration is free and open to all.
